

Grand Rapids Extended University Programs parking structure, South Neighborhood campus housing and sub-campus master plan, and the removal of the remainder of McCracken Hall for a new student center and dining facility.

Dakin advised that the number one capital outlay priority request to the State is the Dunbar Hall renovation and shared projects under study such as new South Neighborhood mixed-use development and parking structure.

There will be two open campus community sessions held at the Bernhard Center on April 12 for individuals to give their ideas and input on a new student center, new student housing, and the South Neighborhood master plan.

Dakin would like to have participants from different departments, especially faculty with a business background, join in on planning for upcoming mixed-use development.

Dakin discussed the MDOT/City of Kalamazoo summer 2019 project for Howard and Stadium Drive intersection to add dual left turn lanes and designated right turn lanes. He also advised that the city will install a non-motorized path.

Guest: Patti Van Walbeck, Associate Vice President for Business and Finance

Procedural Items

Welcome

Council Chair Todd Barkman called the meeting to order at 3 p.m. He welcomed guests and council members.
